

Variable Rate Policy

A requirement at launch of our new mortgage is that all Credit Union's that sell the Standard Mortgage have a Variable Rate Policy statement on their website.

We have created one that has been developed for our mortgage and I've put it up on the Intranet. There is a contact section at the end where the CU will need to enter their details.

Please see link to where this has been uploaded.

Can you please ensure that this is uploaded onto your website. We will refer to this in future docs like the Annual Statement.
